Muhammad Shahzaib

FULL-STACK DEVELOPER

I am Shahzaib, Full-stack developer from UAE / Pakistan with a focus on React.js Development for the last 4+ years. I have specialized in responsive web and application development for startups and small to medium size businesses. My skill set includes wide-ranging expertise in Javascript frameworks such as React.js, Next.js and Gatsby.js. I am also great at Node.js, Bootstrap, Firebase, AWS, MongoDB, Python and a whole host of other technologies, and libraries. Whatever your needs are, I will find a solution that fits it.
